The Child Care Act 1991 (Early Years Services) Regulations 2016 define the duty of a registered provider to ensure the safety and well- being of children and to comply with these regulations. This Act also gives Tusla the authority to assess compliance with the regulations. The purpose of regulation in relation to early years services is to ensure that the care, safety and well-being of children attending such services is upheld. The findings on inspection are based on; • Information obtained through examination of documentation • Direct observation • Discussion with relevant staff This inspection was unannounced and focused on areas of Governance, Health, Welfare and Development of Child and Safety. Inspections may also focus on other areas as required. The inspection process has been amended to minimise the amount of time that inspectors spend in the service. A sampling process was used to assess compliance under Regulation 19 Health, Welfare and Development of child and Regulation 23 Safeguarding Health, Safety and Welfare of child. The Inspectorate reserves the right to edit responses received for reasons including: clarity, completeness and compliance with administrative and legal processes. The contents of the report are compiled by the inspectorate body.
Acknowledgements	The Inspector wishes to acknowledge the cooperation of the Registered Provider and the children who were present on the day of the inspection.
